

Memorandum of Understanding Signed Between Department of Physics & Research Centre, NMCC and Geospatial Campus

A Memorandum of Understanding (MoU) was signed between the Department of Physics & Research Centre, Nesamony Memorial Christian College, Marthandam and Geospatial Campus, Nagercoil on 23rd June 2026 at 2:30 pm in the Correspondent's Chamber. The MoU was signed by Dr. A. J. S. Pravin, Correspondent; Dr. C. H. Arun, Principal; Dr. D. Aruldas, Head of the Department of Physics; and Dr. Aran Castro A. J, GIS Manager& Research Consultant, Geospatial Campus. Staff members from the Department of Physics and the Geospatial Campus witnessed the ceremony.

The primary objective of this MoU is to promote collaborative activities in the fields of Geographic Information Systems (GIS), Remote Sensing, research, and training. Through this partnership, both institutions aim to foster academic excellence, enhance skill development, and create opportunities for innovative research among students and faculty members. The collaboration will strengthen knowledge sharing, promote interdisciplinary research, and provide exposure to emerging geospatial technologies, enhancing research and learning opportunities for students and faculty.
