methodologies followed for teaching. 87.5 % of the students said that online classes were conducted by the college, especially during needy times.

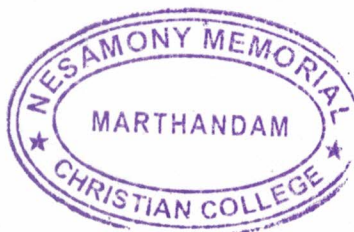

Among the 1095 alumni who took part in the feedback collection 85.8 % of the alumni felt that they were valued by the institution and 92.6 % of the total respondents said that they would recommend the institution to others for study.

Analysis

Overall the alumni had a very good opinion of the institution on matters connected with the teaching-learning process, co-curricular activities and extension activities. They feel that the admission procedure followed in the institution is transparent. From the feedback, it was understood that the students felt that measures should be undertaken to improve the facilities for developing their communication skills. The feedback also reflected that the canteen needs development. It was felt that more training and placement opportunities have to be provided on campus. It was also understood that more measures should be undertaken for the use of Internet and ICT facilities on campus.

Action Taken

Based on the feedback given by the alumni and students measures were undertaken to strengthen the internet connectivity and WIFI facilities on campus. To further help the students to develop their communication skills a new language lab was set up on campus with 80 new computers loaded with new digital software. It was also decided to conduct more training programmes and placement drives for the students. It was decided to call for a new tender and the canteen was handed over to a new team of experts with more facilities inside. Various other renovations were also made in the library and other buildings.
